Robo-Fest 2010 : Walk-In Try-It Opportunities

Sunday, October 24

Driving Zone

Want to “drive” a Robot?

- Robo-Fest will include a **Driving Zone** in which young robot enthusiasts can try their hand at motoring a Tetrix robot around a tournament field to move game pieces and achieve the highest score of the day.
- Volunteers will assist the young guests in learning the controls and resetting the field.
- Referees and Scorekeepers will track the day’s results on the Robo-Fest Leader Board!
- You can not only drive a robot but you may finish the day as one of Robo-Fest’s big winners.

Suggested Ages: 8 to 14
