

Robo-Fest 2010 : Robotics Technology Demonstration

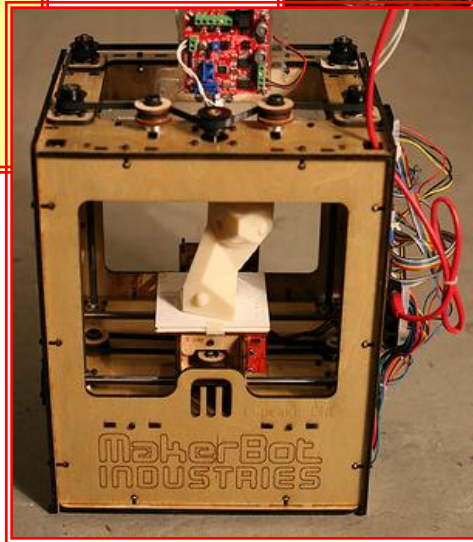

**Sunday, October 24
- ONLY -**

3D Printer Demonstration

Come to see this very cool use of technology to the event. The printer, about 18 in x 13 in x 10 in., is being brought by a student from the Moorestown Friends FTC Robotics team. It will design and “build” various objects.

Some goodies, such as key chains, may be made beforehand for distribution. Other items will be made during live demos.

More information about this high tech equipment can be found at :
(<http://www.thingiverse.com/thing:2865>).
(<http://wiki.makerbot.com/cupcake>).

Booth Host for the Maker Bot Demonstration is Mr. Karan Hiremath
