

## Robo-Fest 2010 : FIRST Robotics

### FIRST LEGO League

Saturday, October 23

Host – Landrias #1017  
Livingston Robotics Club

Sunday, October 24

Host - Toxic Neurons

Through the 2010 Body Forward™ Challenge, FLL teams will explore the cutting-edge world of Biomedical Engineering to discover innovative ways to repair injuries, overcome genetic predispositions, and maximize the body's potential, with the intended purpose of leading happier and healthier lives.

Each FLL Challenge has two parts – the **Robot Game** and the **Project**. Teams need to design a LEGO Mindstorms robot to complete a set of pre-determined missions in 2.5 minutes and conduct a project research related to the challenge theme.
